PURSUIING FRESH TRACKS

GUIDE PLAN

This Guide (teaching) plan was developed as I taught it for my Sportsman's Class. We used a 26 week plan to cover the 13 Fresh Tracks.

The plan has both a 26 week plan, where you spend two weeks of class time for each Fresh Track, as well as a 13 week plan. The 13 weeks takes each Fresh Track and uses it for a single class session.

You may not be able to cover all the material included in the 13 week plan. Each individual class guide needs to decide which to use.

You may also want to consult some additional Bible Study helps in order to prepare for the sessions. A great FREE Bible software that I use is E-Sword. You can find it at www.e-sword.net.
